Inside Dimensions (L x W x H)	29.33" x 45.08" x 28.03"	37.20" x 45.08" x 35.91"	42.40" x 45.08" x 39.57"
Volume	21.44ft <sup>3</sup> / 607 L	34.86ft <sup>3</sup> / 987 L	43.30ft <sup>3</sup> / 1,226 L
Netto Payload Weight*	1,100 lbs	1,100 lbs	1,100 lbs
Permissible Top Load**	4,850 lbs	4,850 lbs	4,850 lbs
Tare Weight	51 lbs	64 lbs	73 lbs
Volume Reduction	74%	79%	80%

\* Netto payload weight and permissible top load acc. to ASTM 4169-16

\*\* Tested by the VDZ competence and testing center for packaging and transport, Giselherstr. 34, 44319 Dortmund, Germany (certificate Number: 8021). Permissible top load may vary due to the level of assurance (level I, level II, level III)

# RRM QUICKPACK

SKU: RRM B1102

## Benefits

- Bulk good can be stored without the containers becoming misshapen, which limits functionality
- When empty, the QuickPack can be collapsed for space-saving storage
- Straps always stay in position thanks to hook-and-loop fasteners
- Cost saving thanks to the reusable system and can be used many time over.
- Exceedingly stable and an exceptionally long service life
- Damage-resistant
- Load-carrying capacity of up to 2,200 pounds.
- Stackable
- Custom sleeve heights help optimize loading volumes
- Easy handling
- Fully recyclable

## Properties for Special Requirements

- Anti-Static
- Flame retardant in line with fire safety classes
- Food-safe compliant with legal requirements
- Fully recyclable

## Configuration Options

- Sleeve panels in optimum weights for the required loads
- Various sleeve heights available
- Customer-specific colors, including bicolor options
- Motifs can be printed on one to four sides, including in multiple colors
- Printing layout is coordinated with the position of the straps
- Closed edges in two variants:
  - “Standard Edge”, with edged that are pressed together flat
  - “Round Edge”, for a finish that is even more comfortable to handle
- Document pouches and label holders
- RFID or barcode labels
- “Comfort” container base
